SUMMARY

Content strategist and creator with a track record of building audiences and driving measurable growth from zero. Led brand and content strategy for a multi-location coworking launch, producing the brand's highest-performing content to date. Independently grew a corporate satire brand to 67K+ followers and 47.6M+ views in under 90 days, now operating as a trusted, pre-approval-free creative partner for a UGC program with an HR platform serving Fortune 500 companies. Combines campaign strategy, short-form video production, and audience psychology to build content that performs.

EXPERIENCE

Brand & Content Lead · *Groundfloor Club*

Jun 2026 – Jul 2026

- Owned brand and content strategy for the North Beach location launch, producing roughly 20 pieces of organic content including reels, Instagram Stories campaigns, and carousels.
- Produced the brand's highest-performing reel to date (~100K views), nearly 5x the account's prior best-performing post.
- Grew the location waitlist to nearly 450 prospective members and led a 50-spot founding member launch, shifting campaign strategy from price-led messaging to access and status positioning.
- Partnered directly with co-founders to build a content system distinguishing top-of-funnel reach content from high-intent, CTA-driven follower content.
- Applied structured video coaching (Cut30 framework) to iterate on hook performance, retention, and cold-audience clarity across launch content.

Founder & Content Creator — *@everycorporatever* · *Branch Trading Co, LLC*

Apr 2026 – Present

- Built a corporate satire brand from zero to 67K+ followers and 47.6M+ views across Instagram, TikTok, and YouTube Shorts in under 90 days.
- Operate as an independent creative partner for Deel via a UGC agency partnership, producing 30–60 short-form videos monthly with full creative autonomy and no pre-approval requirement.
- Negotiated a performance-based compensation structure tied to audience growth milestones.
- Selected by client for recurring collaborative brand content, initiated directly by the partner rather than through the agency.
- Manage full production pipeline independently: concept, scripting, filming, editing, and publishing.

IT Delivery Manager · *Unum*

Aug 2025 – Jun 2026

- Led Agile delivery for cross-functional technology teams, running sprint planning, retrospectives, and stakeholder reporting.
- Built team alignment resources, including working agreements and process documentation, adopted across the broader department.
